### Leary-Garwood.

A pretty home wedding occurred Tuesday afternoon at 3 o'clock, when the marriage of John B. Rex Leary and Miss Gertrude Garwood, daughter of Mr. and Mrs. E. G. Garwood, was quietly solemnized in the home of the bride's parents, 4128 Broadway. The ceremony was witnessed by the immediate relatives of the bride and bridegroom and the intimate girl friends of the bride. Just previous to the entrance of the bridal party, Miss Alice Jackson sang "I Love You Truly," accompanied by Miss Elizabeth Young at the piano. Rhuel W. Leary, brother of the bridegroom, was the best man and Miss Willie Mae Young was the bridesmaid. The impressive ring ceremony was read by Rev. Arthur Gray Jones.

The bride was gowned in a navy blue coat suit with accessories to harmonize and wore a corsage of Ophelia roses and ferns. The home was beautifully decorated for the occasion with ferns and English ivy, a color scheme of green and white being carried out in both the living and dining rooms. The wedding cake in the center of the dining table surrounded by green and white tapers, was one of the chief attractions in the dining room and occupied no less a place of honor than the table in the corner of the room filled with handsome gifts from the numerous friends of the bride and bridegroom. Miss Carol Carter presided over the bride's book. After the ceremony a reception was held and refreshments were served, Misses Ruby Leary and Alsie Colglazier assisting the bride's mother in serving. After a short wedding trip, Mr. and Mrs. Leary will be at home in Bryan. The out-of-town guests for the wedding were Mrs. J. D. Anderson of Marietta, Ga., Mesdames Tom McClaghtery, John Horgan and J. R. Chancey of Hondo, Mrs. O. W. Peters of Karnes City, Miss Ruby Leary of the University of Texas, Miss Willie Mae Young of Nursery, and Miss Phoebe Jackson of Buffalo Bayou.—Sunday's San Antonio Express.

### Memorial Tree Planting.

On Monday afternoon, January 26th, members and friends of the Parent-Teachers Association met at the school building for the purpose of planting an evergreen tree on the school grounds as a monument in memory of each brave boy from this town, or who was a former student of this school, who lost his life in the service of his country during the great war.

An interesting and much appreciated program was rendered as follows:  
Song, "America".  
Talk, Mr. W. N. Saathoff.  
Quartet, "Battle Hymn of the Republic", Misses Lorine Heath, Hattie Stiegler, Evelyn Wilson, Lucile Newton.

Address, Rev. J. M. Alexander.  
Violin Solo, Miss Irene Saathoff.

The trees were then placed in the ground by the High School boys as the name of each boy was called who paid the Supreme Sacrifice as follows:  
Hal Jones, Osborne Chancey, Ben Miller, Freddie Lynch, John Moffield, Jack Wood, Amos Rothe and Rolf Frerichs, after which the crowd was dismissed with a prayer by Rev. Allen.

### Baptist Women Meet.

The W. M. U. Society of the Baptist Church met Thursday last at the home of Mrs. Marvin Beal in its regular monthly missionary-social meeting. A good attendance was present, a very interesting program was rendered, with a short business meeting following. The charming hostess, assisted by Miss Fanye Carle and Miss Hettie Fusselman, served chocolate and cake, which was greatly enjoyed by all. The ladies will meet at the Church next Thursday for a Bible lesson. All the ladies of the Church and their friends are invited to all of these meetings.

### Card of Thanks.

Having just received a nice contribution from my friends and neighbors, we wish to express our sincere thanks for their kindness. Also those who came to our assistance when our barn, feed and wood was entirely destroyed by fire. We assure each of you who contributed to our aid that it was greatly appreciated by all the family.  
W. H. McCLAGHTERY.

### Notice, Electric Light Users.

There will be no lights Sunday morning as the plant will be closed down for boiler repairs. Keep this in mind and arrange accordingly.

Tractor for Sale.

A Case 10-18 Tractor for sale, as good as new, used 3 months. Price \$900.00, cash or bankable notes. Ring 946-F-13 for particulars.

Mr. and Mrs. C. R. Gaines spent last Sunday in San Antonio but being somewhat fatigued they did not stir around much. They attempted to make the journey in their automobile, everything going fine until they got out of any possible telephone connection with a garage when their auto, like a contrary mule, concluded to "lay down" on them. Not having the necessary appliances to make repairs there was no alternative but to abandon the auto and resort to nature's means of reaching their destination, some eight miles away. A promenade of that distance is fine as a means of working up an appetite but is not conducive to serenity of temper. They reached the end of their journey in "we sma' hours of morn'" footsore but happy to again mingle with their kind. Moral: Better stick to a Ford; if anything goes wrong and repairs have to be made a piece of baling-wire can be picked up most any old place.

## The NEW EDISON

"The Phonograph with a Soul"

It took years of work and the expenditure of three million dollars before Mr. Edison completed the first Official Laboratory Model of The New Edison, "The Phonograph with a Soul."

He had determined to develop a phonograph which would RE-CREATE music, not merely reproduce it; and what is more HE DID IT.

Three million musicians and music lovers who have heard fifty great artists sing in direct comparison with the New Edison know it is the greatest phonograph. They can tell you that there is no difference between the singer's voice and its RE-CREATION by the New Edison. They have seen the singer stand beside the instrument and have heard him sing. They have seen his lips cease, and yet have heard his voice go on without interruption. Had their eyes not told them the New Edison was singing alone, they would have sworn the voice came from the living singer.

To Mr. Edison, it was worth three million dollars to be able to give music lovers the pleasure of hearing our great singers and instrumentalists when and where they would, exactly as they would hear them on the concert platform and operatic stage.

A visit to our store will prove to you that this advertisement tells "the truth, the whole truth and nothing but the truth."

**WOMEN ADOPT 10,000 ORPHANS**

Connecticut to Provide Foster Mothers for Little Victims of Turks.

Ten thousand little victims of Turkish brutality are to be foster-mothered by the big hearted women of Connecticut as the result of appeals by Near East Relief, the former Committee for Armenian and Syrian Relief of 1 Madison avenue, New York city. The women at a meeting voted to "adopt" that number as their share of the 250,000 homeless and starving boys and girls orphaned in the massacres and deportations.

Three hundred representatives of women's organizations attended the meeting at Hartford, at which Governor Marcus H. Holcomb presided and pleaded the cause of the stricken peoples. Another speaker was Henry Morgenthau, former U. S. Ambassador to Turkey.

Assurances that the example of these noble hearted Connecticut women will be followed by similar organizations in all the other states have been received at the headquarters of the Near East Relief, 1 Madison avenue, New York city.

**WOMAN WEIGHED ONLY 66 POUNDS.**

Mrs. Morrison Says She Is Well and Happy After Taking Tanlac.

"I wouldn't give one bottle of Tanlac for all the other medicines in Ensley and Birmingham put together," said Mrs. J. D. Morrison, of 1314 25th street, Ensley, Ala.

"Three years ago," she continued, "I lost my health, had stomach trouble of the worst kind and just seemed to go into a slow decline. I lost my strength, never knew what it was to get a good night's rest and was a nervous wreck. I suffered also from biliousness and constipation and was never free from pain. I was taken to the hospital for an operation, and when I was taken home afterwards I weighed only sixty-six pounds and was so weak it looked like I would never recover.

"After trying everything else that was recommended to me without getting any better, I decided to see if Tanlac would help me. While on my second bottle my appetite picked up and I began to improve. I kept on with Tanlac and soon was able to eat whatever I wanted without having any unpleasantness afterwards. My nerve became quiet so I could sleep at night and my weight increased thirty-three pounds. I am doing all my own housework and nothing seems to hurt me at all. I believe I owe my life to Tanlac and never expect to be without it."

Tanlac is sold in Hondo by W. H. Windrow, and in Castroville by Joseph Courand & Co.

If Herbert Hoover can reduce the cost of living as successfully as he reduced the consumption of groceries once upon a time, he's our man.

**LIFT CORNS OR CALLUSES OFF**

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

**BOY SCOUTS IN YOUNG ARMENIA**

Strangest Troop of All in Constantinople Being Made Into Good Citizens.

American Boy Scout training is aiding prominently in the rehabilitation of hundreds of little Armenian boy refugees from the Turkish massacres, who have been organized into a scout troop in Constantinople as the solution of one of the most troublesome problems that confronted the Near East Relief workers in that city.

Hounded and driven for four years, having seen their parents and relatives slaughtered or worse by Turks and Kurds and themselves forced to beg, steal or do almost anything to eke out the barest existence, these boys had completely lost their moral sense when they finally found refuge in the Near East Relief orphanages.

The boys had been clad in rags for so long that they had forgotten how to take care of clothes. This was a tragedy when the Near East Relief had need of every pair of shoes and of every suit of clothes for new boys constantly coming in.

Then the boys were organized as Boy Scouts and given their uniforms. They began to be careful of their school clothes as well as of their uniforms.

They had been so often hungry they had come to steal without compunction. When they first entered the orphanages they continued to steal. One boy stole a purse from his American teacher. For two or three weeks after he became a Boy Scout he was obviously uneasy. One day he came to her with the purse in his hand.

"I don't want to give it back," he said reluctantly. "But I have to. I'm a Boy Scout now."

To form more scout troops to transform these little unfortunates into good citizens, is one of the reasons why the Near East Relief, 1 Madison avenue, New York city, is making its appeal for funds.

**No Worms in a Healthy Child**

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

Owing to the inclement weather the dance given at the Empire Opera House on Saturday night was not very largely attended.

Gus Keller of Lacoste was a visitor here Monday.

### No Great Act of Heroism Required.

If some great act of heroism was necessary to protect a child from croup, no mother would hesitate to protect her offspring, but when it is only necessary to keep at hand a bottle of Chamberlain's Cough Remedy and give it as soon as the first indication of croup appears, there are many who neglect it. Chamberlain's Cough Remedy is within the reach of all and is prompt and effectual.

Miss Isabel Henderson of Hondo has accepted a position as teacher in the Lacoste public school.—Lacoste Ledger.

### The Best Cough Medicine.

When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy, J. B. Jones, a well known druggist of Cubrun, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known."

Paul Koch from D'Hanis was visiting Mrs. Mary Mueller and daughters, Fannie and Charlotte Sunday.—Lacoste Ledger.

### Fever Sores.

Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin.

Medina County has sold \$400,000 worth of their road bonds and are about ready to go to work. We are glad to note that Johnny Wiemers has been appointed one of the board of managers to expend this money. This means that the Bandera-Hondo road will soon be put in good shape.—Bandera New Era.

### Stomach Trouble Cured.

If you have any trouble with your stomach you should take Chamberlain's Tablets. Mr. J. P. Klote of Edina, Mo., says: "I have used a great many different medicines for stomach trouble but find Chamberlain's Tablets more beneficial than any other remedy I ever used."

Joe Short left Monday with a four horse load of feed for his divide ranch.—Bandera New Era.

### Sabinal Sentinel Sittings.

Messrs. Jake Millikin and M. B. Woodley went to Hondo Monday.

Mr. and Mrs. B. Marks went to Seguin Saturday night to attend the wedding of a nephew.

Miss Vera Jones went to Hondo Saturday night.

Mrs. Henry Reilly and daughter, Mrs. Lyons Lockhart, went to San Antonio yesterday morning to spend two or three days.

Mrs. T. L. Barrington went to San Antonio this morning to see her mother, Mrs. Barnes, who is in a hospital. Master Irvin went with her.

### Don't You Forget It.

Bear in mind that Chamberlain's Tablets not only move the bowels but improve the appetite and strengthen the digestion. They contain no poison or other digestive ferment but strengthen the stomach and enable it to perform its functions naturally.

Arrangements have been made with J. W. L. Hanley to do a real estate business at D'Hanis. See him at the depot at that place and talk over your real estate wants with him. Fletcher Davis.

## BRINGING UP A FAMILY

Houston, Texas:—"After motherhood I always took Dr. Pierce's Favorite Prescription to build me up and strengthen me. It surely benefited me greatly every time and I would never hesitate to recommend this medicine to all women who become nervous, weak and run-down, especially while bringing up a family."

—Mrs. DELLA LEA, 4413 Center St.

Houston, Texas:—"I have the utmost faith in Dr. Pierce's Favorite Prescription as a tonic for women or girls developing into womanhood. When I was a girl I became all run-down, weak and nervous, due to irregularity. My mother gave me the 'Prescription' and it restored me to perfect health."—Mrs. A. THONIG, 4318 Spencer St.

Houston, Texas:—"Dr. Pierce's Favorite Prescription for women and their ailments is an excellent medicine. I have taken it for feminine troubles and when run down, weak and nervous, and must say it was very quick in building me up and relieving me of my trouble, and I always felt much better in every way after its use."—Mrs. H. E. WILLIAMS, 2424 Freeman St.

Weak women should try it now. Don't wait! Today is the day to begin. This temperance tonic and nerve will bring vim, vigor and vitality. Send Dr. Pierce, Buffalo, N. Y., 10c. for trial pkg. tablets. It promotes perfect regularity. It soothes and strengthens the nerves, drives away drowsiness, and gives a healthy appetite and refreshing sleep. It makes weak women strong.

## Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, ... and the pains were very severe. A friend told me I had tried everything else, why not Cardui? ... I did, and soon saw it was helping me ... After 12 bottles, I am strong and well."

## CARDUI

### The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

## WOOD HAS VARIED CIVIL EXPERIENCE

ADMINISTRATIVE QUALITIES ARE TESTED AND PROVED IN HANDLING GREAT BUSINESS PROBLEMS.

By EDWARD B. CLARK.

From time to time people ask, "What has been the administrative and business experience of Leonard Wood? What has been his experience with men outside of the army? What does he know about conditions in the different parts of the United States and in our overseas possessions? Has he any thorough knowledge of foreign affairs and of our foreign relations?"

The administrative qualities of Leonard Wood have been tested and proved. No American living has been tried more thoroughly than he in complex fields of constructive civil work, administrative work of the highest order which carried with it the necessity for the exercise of keen business acumen.

"The republic of Cuba, built upon firm democratic foundations, is a monument to the administrative ability of Leonard Wood. In the Philippines is to be found another monument to his statesmanship.

Leonard Wood graduated in medicine from Harvard University in 1884 and served for more than a year in one of the great hospitals, later to take charge of the charity departments in a section of the city of Boston where the poor lived.

Not long after the completion of Wood's work in Boston he became an assistant surgeon in the army, coming into contact with the western plainsman, the miner, the people generally, and giving much of his time to the work of assisting the Indians and to a study of the problems of irrigation and reclamation.

Then for Leonard Wood there came four years in California. He covered the state many times in pursuance of his duties and extended his field as occasion required into the states of the Northwest. Then for two years he was in service in the South, having headquarters in Georgia.

From the South Leonard Wood went to the city of Washington, where his work brought him into daily contact with Grover Cleveland. Then he had the same intimate relations with William McKinley and the men of his time.

Then came the Spanish war and the active campaign in Cuba as the colonel of the regiment of rough riders of which Theodore Roosevelt was the lieutenant colonel.

At the close of the Spanish war Leonard Wood's supreme administrative duties began. He was made the governor of the city of Santiago and a few weeks later of the entire eastern half of Cuba.

Under Wood profiteering was abolished, industry was built up, agriculture rehabilitated, hospitals organized, equipped and maintained, tens of thousands of people clothed and fed—and all this done in a thorough businesslike manner. It was done under tribulations which arose from the fact that the people were impoverished to the point of starvation and had been dying by thousands for the lack of the things which Wood quickly provided.

Then there came the rehabilitation of the municipalities, the establishment of schools, the opening of roads, the organizing of government in the provinces, the readjustment of taxation and of the courts, and the work of providing for the thousands of children made orphans by war or famine.

There was more business and more varieties of it than it has been the lot of many men ever to have placed upon their shoulders.

Not long after this there came the greater opportunities in Havana. It was necessary to re-write the election laws to bring them in line with the habits of the people. Production had to be stimulated, for agriculture was the main source of the island's wealth. Here again the same measures were followed and as a result there were established law and order, protection of life and property, and liberty within the law.

These were the foundation stones. Wood knew that the government must be run by the Cubans, and so 80 per cent of the officials engaged in the great work of reconstruction were selected from the people of the island. The Cubans were taught government while the government was being built and thus they were able to run it when the rule of the island was turned over to its inhabitants.

When it became necessary to reorganize the Cuban railroads Wood secured the services of Sir William Van Hook, president of the Canadian Pacific, and of Granville M. Dodge, builder of the Union Pacific.

The same general policy was followed in dealing with the problem of money for the tens of thousands of Cubans that had been left by the war. Homer Phelps, commissioner of charities of the state of New York, was called to Cuba by Wood to aid in the establishment of a system for placing and permanently caring for these little

### Glad to Try Anything

"Three years ago my system was in a terribly run down condition and I was broken out all over my body. I began to be worried about my condition and I was glad to try anything which would relieve me. Peru-na was recommended to me as a fine blood remedy and tonic, and I soon found that it was worthy of praise. A few bottles changed my condition materially and in a short time I was all over my trouble. I owe my restoration to health and strength to Peru-na. I am glad to endorse it."

## INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you should. Belching, sour stomach, bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition. Chamberlain's Tablets are also most excellent for nervousness. Sold everywhere at 25c.

### LEONARD WOOD, ADMINISTRATOR

the desolate. Chief Justice White of the Supreme court of the United States, at that time an associate justice, was consulted as to the method to be pursued in reorganizing the country.

Leonard Wood was in Cuba about four years. He left there a reorganized and sound banking system, a good railroad system, no debt, nearly \$2,000,000 unencumbered money in the treasury, a sugar crop of nearly 1,000,000 tons, sound municipal laws, fine public works, a firm agricultural foundation and an absolute respect among the people for life and property. The school system which Wood established was founded on the laws of Massachusetts and Ohio. Roads were built which made communication speedy. The hospitals erected under his supervision were of the highest type.

Lord Cromer said he wished this American officer was available to follow him in his reconstruction work in Egypt. Elith Root said this work never was paralleled in colonial possessions anywhere. Theodore Roosevelt said that Leonard Wood "has rendered services to Cuba of a kind which, if performed three thousand years ago, would have made him a hero mixed up with the sun god in various ways."

After the Cuban experience Wood was for five years in the Philippines confronted with the difficult labor of establishing a civil government, this time among a Mohammedan people. There he did the same successful work he did in Cuba. This period of residence in the Philippines gave Wood an opportunity to study conditions in the British colonies, Mexico, Singapore, and to be in close touch with conditions in Japan and along the China coast. Wood traveled through India, at some time with the Dutch in Java, with Lord Cromer in Egypt, gained and retained knowledge of which at that time came under his close observation. Then Leonard Wood became one of the general staff of the United States army, in whose hands was very largely the direction and administration of the military establishments which after all is 80 per cent a business matter. The administrative career of Leonard Wood is spread upon the record of his country. The work which has done is lasting. It is a statesman's work.

### To the Dyspeptic.

Would you not like to feel that your stomach troubles are over, that you can eat any kind of food that you crave? Consider then the fact that Chamberlain's Tablets have cured others—why not you? There are many who have been restored to health taking these tablets and can now eat any kind of food that they crave.

# HUNGER KNOWS NO ARMISTICE IN CAUCASUS

Colonel Haskell Reports to Near  
East Relief on Desperate  
Needs of Helpless.

"Peace may come elsewhere in the world, but hunger knows no armistice in the Near East," says Colonel William N. Haskell, Allied high commission in the Trans-Caucasus, in an appeal to Near East Relief, 1 Madison avenue, New York city, for food and supplies for the relief of the starving millions.

Colonel Haskell is in charge of all operations and disbursements of Near East Relief in the Caucasus.

"There is no fuel or shelter for the greater part of them during the terri-

COLONEL HASKELL.

ble winter in the mountains," he says, "and the existing food supply is entirely inadequate for the great number of refugees without resources of any kind.

"By a recent agreement between the premiers of the republics of Armenia, Azerbaidjan and Georgia to cease hostilities and settle all differences by arbitration one obstacle to relief work in the Caucasus has been removed and makes accessible a great number of destitute people who otherwise would perish this winter.

"Two hundred thousand destitute Armenians and Tartars can now be reached in the districts of Karabagh, Shusha and Nakhichevan, in the south-east section of the Trans-Caucasus, and we are planning to extend our work there. The economic situation is so desperate and food supplies so scanty that the Georgians have ordered 100,000 persons, mainly Russian refugees without employment, to leave the city of Tiflis. About 45,000 workers in the oil fields of Baku have been ordered by the Azerbaidjanese to leave the city because there is no work for them and food is scarce.

Around every station along the railway are gathered groups of hundreds of homeless people lying huddled together on the ground, the majority of them too weak even to try to help themselves. From time to time the stronger ones climb on freight cars and move elsewhere, always seeking better conditions, which do not exist. Two hundred and sixty-three thousand homeless refugees from Turkish Armenia thus are constantly milling about throughout Russian Armenia, making the relief work conducted by the Americans a problem requiring infinite patience and organizing ability.

"This is especially true in view of the existence of 248,000 destitute inhabitants of Russian Armenia who possess homes, but no food, as well as 150,000 Greeks, Russians, Persians, Syrians and Yezidis who have been driven out of parts of Transcaucasia.

"One hundred and forty thousand Moslems, whose villages were destroyed in the course of five years of constant warfare, are helplessly encamped in the open around villages of their former enemies, begging infinitesimal quantities of flour, which they mix with dirt to give the illusion of nourishment.

"These hundreds of thousands of suffering adults, mostly homeless and lacking every necessity of life, having nothing more to lose, are concentrated in a country as yet inadequately policed or governed. They constitute a fertile field for the seeds of Bolshevism or any form of anarchy, the spread of which once loosed would be impossible to predict.

"It is generally admitted in the Caucasus that the Americans of the Near East Relief already have saved the lives of at least 30,000 babies and children and of 500,000 adult refugees and destitute. This work still is continuing."

In an effort to procure funds to carry on the work and save the lives of these hundreds of thousands who otherwise will die of starvation and exposure Near East Relief, of which Cleveland H. Dodge is treasurer, is making an appeal to the American people.

# Equip Your Small Car With Goodyear Tires

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3½-, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the small Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest-priced automobiles of the day.

You can well do so because these small Goodyear Tires are easy to obtain, being produced at the rate of 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of small cars.

## IS IT "JUST A COLD"?

Hondo People Should Ask Them-  
selves This Question.

Don't say: "It's just a cold."  
It may turn into backache, rheumatic  
aches, achy joints,  
Or other serious sickness that comes  
from weak kidneys.  
Colds are due to congestion.  
Congestion makes the kidneys over-  
work to filter the blood.  
Colds often leave the kidneys weak.  
First break the cold.  
Then use Doan's Kidney Pills to avert  
the kidney dangers.  
Let this Hondo resident tell you a-  
bout them.

Mrs. Heyo Schweers gave the fol-  
lowing statement May 28, 1915: "I had  
an attack of kidney trouble some years  
ago. My kidneys acted irregularly and  
caused me annoyance, and there were  
other ailments arising from disordered  
kidneys. I believe the trouble was  
brought on from a cold which settled  
in my kidneys. I purchased Doan's  
Kidney Pills at Windrow's Drug Store  
and just a short use corrected the  
trouble which has never returned."

On May 3, 1919, Mrs. Schweers said:  
"I have had no occasion to use Doan's  
Kidney Pills since they cured me four  
years ago. My back is now strong and  
my kidneys act as regular as ever."

Price 60c, at all dealers. Don't sim-  
ply ask for a kidney remedy—get Doan's  
Kidney Pills—the same that Mrs.  
Schweers had. Foster-Milburn Co.,

## Cardinal Gibbons Asks Aid For Starving Armenians

(© International.)  
Cardinal Gibbons.

Relief will make to the country in  
February for funds to support its  
work among the starving peoples of  
that stricken land. To the Wash-  
ington meeting he wrote:

"Advice and information coming  
from the Near East cannot be doubt-  
ed. There is great actual suffering  
and famine. These people, recently  
become independent and released  
from bitter thralldom, cannot sup-  
port themselves. And the Christian  
and common instincts of humanity  
which have prompted the people of  
the United States during the last  
two years to relieve the distress  
and needs, especially of the Near  
East, must not be allowed to grow  
cold and be diminished.

"I hope we shall all unite in this  
present emergency and be able to  
collect sufficient funds to enable  
these peoples to live and work until  
next summer brings them perma-  
nent relief and subsistence. I call  
upon all to respond generously to  
the appeal now being made and  
trust that the committee will be  
gratified with the results."

## Poster Tells Dramatic Story

This picture, painted especially for the Near East Relief by M. Leone Bracker, vividly portrays what words fail to express—the horrible suffering of the women and children of Armenia and adjacent countries. Peace has blessed Europe and America for more than a year but in Western Asia conditions more frightful than any war time experiences of the martyred populations of Belgium and France still exist. Thousands of women and children escaped massacre by the Turkish soldiers only to face the terrible agonies of death by starvation. At the present time it is estimated that 1,250,000 adults and fully 250,000 orphaned children are completely destitute and in imminent danger of death by starvation and exposure.

The Near East Relief, 1 Madison Avenue, New York, is at present the only organization giving aid to these suffering people and lack of funds still prevents the reaching of more than a small part of the stricken people.

## CHURCH COUNCIL ENDORSES N. E. R.

Federal Body Says No More Compelling Need in All the World.

Departing from custom, the Federal Council of Churches has endorsed the work being done by Near East Relief, 1 Madison Avenue, New York City, the former committee for Armenian and Syrian Relief which has essayed the task of caring for 1,250,000 starving people in Western Asia.

Resolutions adopted by the executive committee, as announced by Charles S. Macfarland, general secretary, are as follows:

"Your committee recommends that prayers be offered in all our churches for the suffering children throughout the world, especially those who are in distress and peril as the result of the war.

"They further recommend that we reaffirm and emphasize our interest and co-operation in the plans of 'Near East Relief.' We know of no need in the world that is more compelling than that of the Armenian, Syrian and other peoples in the Levant who have already received and must still receive the generous sympathy of the American people."

## SAVED FROM HAREM

Armenian Girls Rescued from Turks Being Taken to Near East Relief Home.

The three pretty Armenian girls in the auto are taking a real "Joy ride," joyful having another meaning from that generally associated with auto riding here. They have been rescued from the harem of a Turk after four years of shameful servitude and are being taken to one of the Near East Relief rescue homes. No wonder they are smiling for the first time since their captivity. The Near East Relief is caring for many thousands of these girls until they can find their relatives. Also it is working to save 250,000 orphans and over a million adults from starvation this winter. That is why it is making a nation wide appeal for funds to carry on its noble work.

## WAR NURSE FROM ARMENIA ASKS AMERICA'S AID

Soldier Husband and Battlefield Baby Touring Country With Her for Near East Relief.

A mother, father and daughter, the latter born in a tattered Red Cross tent in the icy Caucasus while guns roared all around and Turkish shells, ignoring the mercy emblem, burst near it, are touring America in behalf of their native Armenia. They are General Mezrop Noyton Azgapatian, his

LADY ANNE AZGAPETIAN.

wife, Lady Anne, and Irene Esther Araxie Azgapatian, whose baby eyes opened upon scenes of horror and later through them saw much of the sufferings of the people of Armenia.

The family are making their tour under auspices of the Near East Relief, the big organization which has saved hundreds of thousands of the people in that part of the world from death by hunger and cold and is soon to open a nation wide campaign for funds to complete the work of saving the survivors, more than a half million of whom must perish unless aid comes to them soon. America is their only hope.

General Azgapatian served gallantly in the Russian armies in the Caucasus against the Turks. His wife, who accompanied him to the front, did noble work for the wounded and sick, and it was while in this service that her baby was born in a hospital tent during a battle. An army blanket swung from two poles in one corner of the tent was the baby's crib during the rest of that terrible winter campaign. With the collapse of the Russian armies after the Bolshevik revolution the Azgapatians returned to Armenia for a brief spell and did their best to alleviate the suffering they found on every hand. But with a Turkish price on his head the father finally made his way with his family through Russia to Finland and then to this country. What they tell of conditions and needs in Armenia is first hand evidence.

In the Caucasus, Armenia, Syria, Turkey and Persia are more than 250,000 orphans, helpless little victims of war, massacre and deportation, and for the great majority the only bar between them and absolute starvation is a bowl of hot bean soup every day. This soup is supplied by the Near East Relief now making an appeal to the American people for sufficient funds to increase this dole and to provide these suffering little ones with clothing and give them an education that will help them to become self supporting. It is estimated that more than 1,500,000 in Western Asia will die of starvation unless American aid is continued.

## ALLENBY STOPS GRAFT OF TURK

Persecution of Armenians and Confiscation of Property Prevented by English Officer.

The most arbitrary city boss in the world, it seems safe to say, as well as the most unscrupulous politician of modern times, has turned up in Aintab, Armenia, to judge from an official report recently made by Major Stephen Trowbridge, under Gen. Edmund H. H. Allenby's orders.

He is a Turk named Besim Bey. Until the Near East Relief agents stopped him, he practiced upon the terrified Armenians such forms of super-graft as might well make every other corrupt politician in the world green with envy, and such cruelties as make all other heartless rulers, from Nero down, seem sweet and gentle characters. His office was that of Municipal Chief Accountant of Aintab; but, as all dishonest office-holders know, it isn't the job that matters, but the sugar-plums that go with it. Besim Bey plucked sugar-plums with both hands, night and day.

Even inspired city bosses have their day. Besim Bey's came when the Near East Relief agents found that no thorough Armenian relief work could be done in that city while such conditions of terrorization existed. General MacAndrew ordered the arrest and removal of the six worst Turks in the ring that ruled the city, and Besim Bey qualified, as usual, for first place
